## Fasting

Ash Wednesday (February 18th) marks the beginning of the season of Lent. Ash Wednesday, along with Good Friday, are the two days on our church calendar where we are called to fast for a day, that is, from sunrise to sunset. On February 18, sunrise is 6:55 am, and sunset is 5:52 pm. Fasting was used as a spiritual discipline for several reasons. In Judges 20:26-28, it was used as a way to seek God's guidance. In the first book of Samuel 7:6, it was used as a sign of repentance, and in Luke 2:37, it was used as an act of worship. In these and other instances of scripture, fasting was used as a spiritual discipline to strengthen a person's faith in God. Jesus had the expectation that all of us would fast. Jesus said *when* you fast, not *if* you fast. "...When you fast do not look gloomy like the hypocrites, for they disfigure their faces that their fasting may be seen by others. Truly I say to you, they have received their reward. But when you fast, anoint your head and wash your face, that your fasting may not be seen by others, but by your father in heaven..."

Fasting has been a part of my life since college, but it is not always easy and is often inconvenient. It becomes the focus of your day. However, it renews my faith in a deeply personal way. If you decide to fast, you are allowed to drink fluids. If your faith is not what you want it to be, plan on fasting on Ash Wednesday. If your faith is strong, plan on fasting on Ash Wednesday to build the self-discipline of your heart. Then celebrate with a great dinner, giving thanks to God for all the blessings that are a part of your life.

## Conjunctivitis

Conjunctivitis, or pink eye as it is commonly called, is an inflammation of the white part of the eye and inside the eyelid. It is the most common eye problem. Anyone can get pink eye from many different sources. One eye or both eyes can be affected. It often causes itching and pain. It can cause serious health problems for newborn babies.

**Causes** include viral or bacterial infections, but can be caused by a foreign body in the eye, allergy to pollen, pet fur, contact lens wear, chemicals such as chlorine (swimming pool), and other industrial allergens or air pollution. Fungus, amoeba, and parasites can also cause conjunctivitis.

### Symptoms:

- Pink or red eyes
- Swelling of the eyelids
- Itching or burning eyes
- Watery eyes
- Drainage which can be yellow, white, or green
- Crusting of the eyelids or lashes, especially on awakening
- A feeling that there is something in the eye causing the urge to rub

**Complications** require a visit to your healthcare provider and include:

- Sensitivity to bright lights
- Blurry vision
- Eye pain
- Intense eye redness
- Symptoms get worse
- You have a weakened immune system

**Treatment** depends on the cause of pink eye. Viral and bacterial pink eyes are very contagious and can spread easily from person to person by:

- Touching or shaking hands
- Contact with droplets after someone coughs or sneezes
- Touching contaminated objects or surfaces then touching your eyes.
- **Bacterial conjunctivitis** is usually treated with antibiotic eye drops or ointment.
- **Viral pink eyes** usually follow a respiratory illness, i.e. cold or flu.
- **Allergic conjunctivitis** may require eye drops and often allergy medicines such as antihistamines. Avoid contact with whatever triggers your allergies.

Symptoms can be relieved by:

- Cleansing the eyelids with a clean, wet cloth
- Applying cold or warm compresses several times a day
- Using artificial tears
- Stop using contact lenses until treatment is complete (discard worn soft lenses)
- Disinfect hard lenses before you reuse them

**Anyone is at risk for pink eye. However, it is especially serious in newborns and needs prompt attention.**

**Symptoms may include unusual fluid discharge from the eye, puffy or red eyelids, caused by an infection or a blocked tear duct.**

You are more likely to get pink eyes if you:

- Encounter someone who has pink eye
- Had a recent respiratory infection
- Wear contact lenses
- Come in contact with something you are allergic to.

## Prevention

If you are in contact with those who have pink eye, you should:

- Wash your hands frequently with soap and water or alcohol-based hand sanitizer
- Wash your hands after touching a person with pink eye or articles used by this person

- Wash your hands before touching your eyes
- Don't share personal items used by someone with pink eye, i.e., towels, pillows, makeup

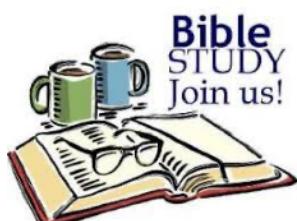

If you have pink eye:

- Wash your hands frequently with soap and water, especially after touching the eye or using eye drops
- Avoid touching your eyes
- Cleanse any discharge around the eyes 2-3 times a day with a clean, wet cloth or cotton ball (discard cotton ball after each use). Wash your hands after touching your eyes
- Don't share personal items with others
- Clean your glasses regularly
- Stop wearing contact lenses until treatment is complete. Discard soft used lenses
- Follow provider instructions regarding use/care of contact lenses
- Discard makeup, products, and accessories used while you had pink eye
- Discard contact lens solution, lenses, and cases used while you had pink eye
- Clean glasses and cases

***The above may be helpful in keeping those eyes healthy!***

# Finance Committee Report

-Garland Harwood

Financial Highlights 2025	YTD end of November	MTD December	YTD end of December
Income	\$217,599.05	\$39,683.22	\$257,282.27
Expenses	-\$237,762.04	-\$21,031.05	-\$258,793.09
<b>Gain or Loss</b>	<b>-\$20,162.99</b>	<b>\$18,652.17</b>	<b>-\$1,510.82</b>

What an incredible finish we had for an incredible year 2025! In December we had Pledged and Plate income of \$39,683 which exceeded our budget for the month by over \$20,000 and left us just slightly in the red for the year by (\$1,511).

Many thanks to our generous congregation that makes St. Martin's the wonderful Church that it is!

## Spotlight on St. Martin's Project

We have a lot of different and wonderful ministries at St. Martin's, among them is The St. Martin's Project. It started in the mid-1990s, and by partnering with three other Episcopal churches in the Richmond area, we are able to ensure bag lunches are provided to several area shelter residents every Saturday. Church of the Epiphany, All Saints, and St. Matthias-Manakin are our partner churches. The shelters that we serve include a women & children's

shelter and a few transitional shelters for men trying to regain their independence through training, constructive work ethics, and job retention.

St. Martin's provides bag lunches on the third Saturday of each month. We have three teams (Red, White, and Blue) that rotate, so each team ends up covering four Saturdays a year. In January, it was the Red team's turn, and they made 165 sandwiches! Several of the women who attended the Ethiopian service stayed and helped, too.

Preparing the lunches is not a difficult task. Team members compile the contents and make sure that each lunch bag has all items in it. St. Martin's Project is a truly worthwhile outreach that ultimately provides over 8,000 lunches per year! If you are ever interested in helping, contact Martha Sneary or the office.

Our regular monthly meeting on **Saturday, January 10** had to be rearranged. Susan Teachey, who was to lecture us on **Scams and Frauds**, unfortunately, was in great pain from a previous injury. As she was scheduled for surgery a few days later we felt that postponing the lecture was necessary and a good idea. Susie had already prepared a hand-out for the lecture, and it was attached to the email sent to the ladies of the church explaining the change.

8 members attended and had a good time at the meeting anyway. This new trial recipe by Christa for the social time with snacks seemed to be a success and sharing it was requested.

### **Sausage & Spinach Egg Bites** (Christa Burr)

I changed my recipe "Sausage & Spinach Pie" again because I find pie difficult to serve nicely. And ... I like my new silicone mini loaf pan\* a lot. This is perfect for potlucks and buffet style meals.

#### Ingredients:

1 pound turkey breakfast sausage  
 1 cup herb-seasoned stuffing mix  
 10-ounce package frozen chopped spinach, thawed and well-drained  
 8 beaten eggs  
 3 cups milk (I use 2%)  
 shredded sharp cheddar (or whatever you like) as needed  
 1 Pie Crust

(I use the one from ALDI which comes rolled in parchment paper and are found in the refrigerator section)

#### Steps:

- Turn on oven to 350"
- In a skillet cook sausage till brown. Mix with stuffing mix and spinach in a bowl. Set aside.
- Unroll and leave it on the parchment. If it is cold be careful that it doesn't break. Make cut lines to have pieces the size of the bottom of the mini loaf pan compartments. They can be slightly smaller because when you press them in you can press them to size slightly. I think I had 9 solid pieces and used the rest to cover 5 more bottoms. Pressing seams together. 2 compartments were empty but that was ok too. (You might experiment with that)
- Spoon shredded cheese into the compartments. To your liking. A tbsp into each probably. Totally covering the space.
- Spoon sausage/stuffing/spinach mix into it pressing a little down with back of the spoon. The mixture should fill 16 compartments (2 pans).
- Combine beaten eggs and milk. Pour over sausage mixture.
- Bake, uncovered, in the 350' oven for 30 minutes or till knife inserted comes out clean. Let stand 10 minutes before serving.

Comments: Good as leftover. Can be microwaved.

Also, you can prepare the pans with everything except the eggs/milk in advance and refrigerate. When needed add egg/milk mixture and bake. Might take a little longer.

\* The silicone pans: I do not have to grease or prep the pan. To take out what I baked I just push each from underneath and can easily lift it out. I fill it with soapy water in the sink to soak and just wipe it out later. So easy.

continued from previous page... ECW update

A short business meeting was held with good discussions. The meeting was finished with some Children's Bible Trivia, a game James Burr used many years ago when he was a Sunday school teacher for the high school class at their former church in Kentucky. It was voiced that we should end more meetings with a few bible trivia questions.

At the next meeting on **Saturday, February 14**, we will start at 10 am as usual with half an hour of friendship time with snacks, followed promptly by Susan Teachey's lecture about **Scams and Frauds**. The info from the last Cloak and a copy of the email attachment are pinned to the ECW board in the hallway for your information.

Also on that board is info about **A Lenten Retreat on Tuesday, March 3**, an event from the Diocesan ECW. Mark your calendar! You can attend Livestream or In Person. It is free, but registration is needed and the deadline is February 26.

At the **March 14** meeting we will be once again working on making Jill's Blankets for people who need cancer treatments. We thank Amy Bailey for donating the material which she bought when JoAnn's shops were closing permanently.

Last but not least, **SAVE THE DATE**: Tuesday, May 5, 2026  
St. Martin's ECW group will be hosting the VA Diocesan ECW Spring Meeting. More details about that later.

We hope you will join us at some or all of these events. For questions feel free to call Christa at 804-787-0525 or email [kygerman@hotmail.com](mailto:kygerman@hotmail.com).

All women of our congregation and their responsible daughters are welcome to attend. No sign-up necessary.

# John C. Wallace Scholarship's 20th Anniversary!

- Ashley Borders

This year marks the scholarship's **20th** year, and in its honor, I want to give an abbreviated version of the history I wrote for last February's Cloak. See that and how to apply below...

## Background

The scholarship is named after my dad, John Campbell Wallace, a witty, intelligent, loving, and hard-working man, who, in my opinion, was the best dad ever. Born in Pulaski, VA, in 1943, Dad majored in electrical engineering at Virginia Tech and worked for an engineering firm in Roanoke before moving to Richmond with Johnson Controls. He ultimately founded his own automated controls company, Wallace-Day, Inc.

Mom (Carolyn Wallace) and Dad married in 1968, and I came along in 1971. Dad was a cradle Episcopalian, having grown up in Christ Episcopal Church in Pulaski. As a family, we found our way to St. Martin's in the early 1980s. This parish had a special place in both of my parents' hearts. Dad was a founding member of the Endowment Fund and served many terms on that committee. He also headed the Stewardship Committee for several years and was a very active member overall until his death in 2005.

When not working or at St. Martin's, Dad could be found snow skiing, golfing, traveling, reading, or learning. He had a fantastic sense of humor and loved a good joke, and he would have adored being a grandfather.

Mom and I started the scholarship in his memory because he was a big advocate in encouraging others to pursue their higher education. This felt like a fitting tribute. The scholarship was first run through a committee at St. Martin's, but in 2017, we created an endowed fund through the Community Foundation for a greater Richmond, which now manages it and selects the scholarship recipients.

## The Scholarship Itself and How to Apply

The 2026 John C. Wallace Scholarship application opened in mid-January. There are two scholarships available, each for \$1500. To be eligible, a student must be a member of St. Martin's who is a high school senior, a recent high school graduate, or an adult learner. The applicant must be planning to enroll in an accredited two- or four-year community college, college or university, or a technical or vocational school in the United States for the 2026-2027 academic year. The applicant does not need to know which school they will go to at this time.

Application information can be accessed on the Community Foundation's [website](#). Applicants will complete a universal application, which will also match them with other scholarships for which they may be eligible. Estimated time to complete the universal application is 20 minutes. All applications and supporting materials are submitted through the website, and they are due on or before **March 5, 2026, by 5:00 pm**.

I truly hope all of you who are eligible apply!

Everleigh Vineyards

Hope everyone has had a wonderful holiday and is ready to resume our Wine Club visits!

Our next "meeting" will be on **Saturday February 7, at 12 noon**, at Everleigh Vineyards in Mineral. This is in Louisa County, about an hour from St Martin's. The vineyard also includes a craft brewery and cidery. They have food on site, and no outside food is allowed in the tasting room.

Here is a link: [Everleigh Vineyards](#)

Please see the sign up sheet on the bulletin board, and indicate if you would like a ride or want to carpool. Please sign up by Jan 26.

# Pancake Supper

Tuesday, February 17

5:30 - 7 pm

Come enjoy the annual Pancake Supper on Tuesday, February 17. This is a major fundraiser for the youth service trip in June.

Whether you call it Mardi Gras, Fat Tuesday, Shrove Tuesday, or Pancake Day, please join for a feast of delicious pancakes and sausage and an evening of fun fellowship!
